About Us

UIS Cancer Foundation Charitable Trust has been dedicatedly working for the past 5 years to support underprivileged cancer fighters who are struggling at hospitals in Cuttack ,Bhubaneswar,Delhi and Mumbai. Currently, we have 5 Cancer Patients counselors appointed at various government & Private hospitals in these cities to provide essential care and support to these patients. However, our plans do not stop here as we aim to expand our reach by appointing more patient navigators and counselors in other districts of Odisha as well. Our trust has been actively involved in various activities such as patient counseling, follow-ups, and providing nutritious food to cancer patients at 4 government hospitals every month. We also assist with transportation, shelter, and monthly groceries for those in need. Our free ambulance service and telemedicine facility have been of great aid to the underprivileged cancer fighters. Our trust also conducts cancer awareness and detection programs in rural areas of Odisha every quarter, along with arranging blood donation camps for cancer and thalassemia patients. We understand the importance of a dignified farewell and therefore, help with the cremation of deceased underprivileged cancer patients. With these initiatives, we strive to make a difference in the lives of those fighting against cancer and provide them with the necessary support and care they deserve.

Vision And Mission

Vision

Our vision is to create a future where no cancer patient in Odisha is left behind due to financial constraints. We believe that everyone, regardless of their background, deserves access to quality care and support when fighting against cancer. Our goal is to provide free assistance to all cancer patients in the state of Odisha, ensuring that they receive comprehensive care and treatment without any financial burden. We envision a future where cancer is no longer a death sentence, and everyone has equal opportunities for survival and a better quality of life. Through our efforts, we strive to create a more equitable and compassionate society where cancer patients can receive the support they need to overcome this disease.

Mission

The Mission of UIS Cancer Foundation Charitable Trust is to make a positive impact in the lives of underprivileged cancer patients by providing them with essential support and care. Through various programs and initiatives, the foundation aims to promote early detection and prevention of cancer, as well as raise awareness about the disease. Moreover, the foundation stands with these patients in their time of need, offering emotional and financial support to help them on their journey towards recovery. By focusing on the needs of these individuals, the UIS Cancer Foundation Charitable Trust is committed to improving the quality of life for those battling cancer and making a meaningful difference in their lives. The foundation's dedication to its mission serves as a beacon of hope for those affected by cancer, giving them strength and support to fight against this devastating disease. With this vision in mind, the foundation continues to make a significant impact in the fight against cancer and strive towards a future where everyone has access to quality healthcare and support.

The financial statements of the UIS Cancer Foundation Charitable Trust for the recent financial year show that the organization has maintained a stable financial position. Despite facing challenges and uncertainties, we were able to continue our efforts in providing quality care and support to underprivileged Cancer Fighters across India. However, as we look towards the next financial year, it is evident that there would be a greater need for funding. This is because we plan to expand our activities and enhance the level of care we provide to those in need. We are committed to making a positive impact in the lives of Cancer Fighters and their families, but this can only be achieved with the support of generous donors and partners. We are confident that with their continued support, we can overcome any financial challenges and continue our mission to fight against cancer and provide much-needed aid to those affected by this disease.

Collaboration

The UIS Cancer Foundation Charitable Trust has taken a significant step towards spreading cancer awareness and aiding underprivileged cancer fighters in Odisha. This year, the foundation has collaborated with three local NGOs, namely Jagruti Foundation in Jajpur, APJ Abdul Kalam Charitable Trust in Ganjam, and Alone Trust in Bhubaneswar and Ganjam. This collaboration aims to work together towards providing support and assistance to those battling cancer and promoting awareness about the disease in the community. By partnering with these NGOs, the UIS Cancer Foundation hopes to make a more significant impact and contribute towards cancer care in the region. Together, they can raise awareness, provide necessary resources, and offer a helping hand to those in need. This collaboration sets a positive example for how organizations can come together for a noble cause and create a meaningful impact on society. Going forward, the joint efforts of these NGOs will undoubtedly make a difference in the lives of those affected by cancer in Odisha.
